**USES:** Excellent cleaner & degreaser for hog confinement, poultry operations and any other farm buildings and equipment. It removes the waste contamination in buildings and barns and leaves a citrus scent. It removes a variety of soils including but not limited to fats, proteins, grease, oils etc. 999 is a highly concentrated, non-corrosive, detergent containing a unique blend of alkaline builders, surfactants, natural citrus, and softening agents.

It can be applied through a foamer, pressure washer, mop or brush. With a pleasant citrus scent it will clean up farm equipment in the Fall or anytime. Enhances the color in all farm equipment. Removing the faded oxidized paint on the equipment. This is a permanent change and keeps the finish looking brand new. A USDA letter of guarantee is available upon request. 999 contains Alkoto's Scale Trol to protect the machines from scale and hard water build up.

SD-99 contains Ethylene Glycol Monobutyl Ether, Sodium Dodecylbenzene Sulfonate, Sodium Metasilicate, natural citrus, Ethoxylated alcohol and water softening agents.
