

Barracuda 10k Concrete Stripper

100% Synthetic Acid, Non-Regulated, Non-Corrosive Concentrate

Barracuda 10k is the most aggressive concrete stripper ever made. This 100% synthetic acid product is the world's 1st and only concrete stripper that is stronger and attacks hardened concrete more aggressively than traditional acids, including Hydrochloric (muriatic) and other dangerous acid blends.

USE DIRECTIONS

Apply Barracuda 10k to hardened concrete on any part of the truck, tool or building. Some brushing may be required. Rinse well w/water to disperse wax and anti-stick coating. Heavy buildup may need additional applications. Can safely be left on hardened concrete overnight. Allow Barracuda 10k to remain on the surface for 5-10 minutes to remove rust/mineral stains.

DILUTION RATIO

New or Reconditioned Trucks - 6:1
Moderate Buildup - 4:1
Heavy Buildup - 2:1
Severe Buildup - 1:1

HAZARD STATEMENT

May be harmful if swallowed.
